

## Linie Pfalz/Ugertstal mit Moldaurepublik – Canada

### Palatine/Lorraine Line to Galicia and Moldova and later to Canada

Nach verlässlichen Daten sind 2 Familienmitglieder nach Canada ausgewandert.

1. Philipp Hackenschmidt, geb. 1876 in Podolia/Bessarabien, der in Kishinev/Moldaurepublik lebte und von dort aus 1904 nach Canada emigrierte.

2. Johann(John) Hackenschmidt ,geb.16.1.1879 Dolina/Kronland , emigriert ebenfalls 1904 nach Canada

Beide entstammen aus dem Pfälzer Teil der Familien Hackenschmidt, im Schwerpunkt aus der Region Kaiserslautern und dem Grenzgebiet zu Lothringen/Frankreich.

Bedeutungsvoll ist auch die Verbindung zu Phillips-Familien, die aus Lothringen in die Galizien-Region kamen. Durch Heirat einer Phillips-Tochter entstanden familiäre Verbindungen, die dazu führten, dass Hackenschmidt-Angehörige den Phillips-Familien nach Canada folgten(Quelle Andrzej Phillips, Posen, Warschau)

According to reliable data 2 members of the Family immigrated to Canada

1.Philipp Hackenschmidt, born 1876 in Podolia ,immigrated 1904 to Canada

2. Johann(John) Hackenschmidt ,born 16.1.1879 Dolina/Kronland , also immigrated in 1904 to Canada.

Family Research has proven that around 1650 already Family members moved from Thuringia to Palatina. In 1720 Georg Heinrich Hackenschmidt founded a family arm there whose succeeding members still today live in the region around Kaiserslautern and Pirmasens near the Lorraine/French Border.

The data show that years before 1. Philipp H. immigrated from Palatina, Hackenschmidt Family members living nearby Pirmasens( Western Palatina resp Lorraine)moved via Vienna to Ugurtstal in Galicia. Also a settlement named „Brunntal” nearby was mentioned in connection with family settlements. The immigrants have finally proceeded to Moldova for embarkment onwards to Canada. Moldova was during the times also under Austrian protectorate, thereafter under Romanian and now under URS/Russian Federation Roof.

The connection with the Phillips families which moved from Lorraine to the Galicia region is important also. From marriage of a Phillips daughter with a Hackenschmidt originated family connections which led to the result that Hackenschmidt member followed the Phillips families to Canada (source: Andrzej Phillips, Poznan, Warsaw)
